

**PACE
YOUR
LIFE**

COMING THIS WINTER TO THE MILFORD WELLNESS VILLAGE

PACE Your LIFE is a community based, long-term care program. It allows seniors who might otherwise need the services of a nursing home to live in their own homes while they receive the care they need. The PACE Your LIFE Care Team works with program participants and caregivers to develop a personalized care plan. The Care Team gets to know each participant and can identify small clinical changes, allowing them to intervene and avoid unnecessary hospitalization or emergency room visits.

Available services include but are not limited to:

- Primary medical care
- Specialist medical care
- Hospitalizations
- Medications
- Recreational therapy
- Physical therapy
- Skilled nursing care
- Personal care
- Social services
- Durable medical equipment
- Lab/X-rays
- Adult day care
- Transportation

To be eligible for the program a participant must be:

- Age 55 or older
- Live in the PACE Your LIFE service area
- Certified by the state of Delaware to need a nursing home level of care
- Able to live safely in the community with PACE Your LIFE services

The PACE Your LIFE program is funded by the Centers for Medicare and Medicaid Services and the Delaware Department of Health and Social Services. Cost of the program for participants is based on eligibility for Medicare and/or Medicaid.

For more information, please contact Georgia Kornblatt, Program Director, at gkornblatt@PACEYourLIFEMWV.com or at 302-249-8333.
